E-JET 500

Advantages

Electronic potential monitoring by not connecting the output voltage until the protected contact plug is inserted correctly

Integrated short-circuit and overload protection

Very high efficiency

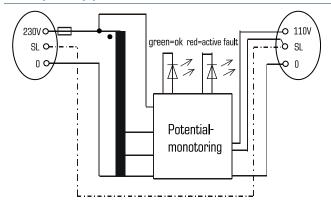

Very good moisture protection and low noise thanks to XtraDenseFill resinencapsulation $\,$

Carry handle, mains cable with safety plug, socket NEMA5-15 (USA) for portable application $% \left(1\right) =\left(1\right) +\left(1\right)$

Applications

Autotransformer for mobile use for the adjustment of the voltage in 230 Vac networks to 110 Vac equipment when no electrical isolation is required.

Sample application

Standards

Autotransformer to: VDE 0570 Teil 2-13, DIN EN 61558-2-13, EN 61558-2-13, IEC 61558-2-13 Approvals [H[\Diamond
